

Appl. No. 10/627,609  
Amendment Dated: December 22, 2005  
Reply to OA of: September 12, 2005

**REMARKS**

Applicants note with appreciation the indication of allowable subject matter in the present application. Accordingly, Applicants have made every effort to restrict the application to the indicated allowable subject matter, thereby expediting the prosecution to an early allowance.

The outstanding Official Action indicates that claims 21 and 24 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Accordingly, Applicants have amended independent claim 13 to incorporate the limitation of claim 21, i.e., that the material of the insulator is ink. Claim 21 has been canceled. Applicants have also amended claim 20 in order to correct a terminology inconsistency. The term "layer" has been deleted.

In view of the above comments and further amendments to the claims, favorable reconsideration and allowance of all of the claims now present in the application are most respectfully requested.

Respectfully submitted,

BACON & THOMAS, PLLC
